Discuss the Principle of Learning

Love and Teach One Another

English
Connect 2

Read the principle of learning for this lesson aloud.

I can learn by the Spirit as I love, teach, and learn with others.

You are a child of God. He wants to help you grow and progress. He wants to help you develop new abilities and learn many good things. One important way to learn is to teach someone else. When you teach another person, your own understanding can grow. God has given you a wonderful promise:

Love and Teach One Another

“And I give unto you a commandment that you shall teach one another the doctrine of the kingdom.

“Teach ye diligently and my grace shall attend you, that you may be instructed more perfectly, ...

“That ye may be prepared in all things” (Doctrine and Covenants 88:77–78, 80).

Discuss the Principle of Learning

Love and Teach One Another

When we teach and serve each other, we invite the Spirit to be with us. The Spirit can help us understand better and learn faster. Teaching others is one way that God increases our capacity to learn. Sometimes we are afraid to teach others. Sometimes we don't think we have anything to offer. But God knows that you have so much good to share with others. When we share what we are learning, we are teaching each other. As you teach others and share your experiences, the Spirit will help you learn even more.

Discuss the questions.

- How can teaching someone else help you increase your learning?
- What are some ways you can help teach and support those in your EnglishConnect group?
